SPARTAN GEAR

This charging dock station can charge two controllers at the same time. The official *playstation 5 controller can be fully charged in approximately 2 hours.

Plug the charging dock station to the console using the USB cable (included in the package). The orange and blue lights will flash respectively for a second as a test.

Place the controller into the charging socket. While charging, the LED light indicator will be orange. Once fully charged, the LED light indicator will turn blue.

CAUTION:

In case of overvoltage, low voltage or any other disfunction the orange LED will start flashing quickly. The charger needs to be powered off immediately and be restarted.

Η συγκεκριμένη βάση φόρτισης μπορεί να φορτίσει δύο χειριστήρια ταυτόχρονα. Το επίσημο χειριστήριο του *playstation 5 φορτίζεται πλήρως σε περίπου 2 ώρες.

Συνδέστε τη βάση φόρτισης στην κονσόλα χρησιμοποιώντας το USB καλώδιο (περιλαμβάνεται στη συσκευασία). Το πορτοκαλί και μπλε φως θα αναβοσβήσουν για ένα δευτερόλεπτο δοκιμαστικά.

Τοποθετήστε το χειριστήριο επάνω στην υποδοχή φόρτισης. Για όσο φορτίζει, η φωτεινή ένδειξη LED θα είναι πορτοκαλί. Μόλις φορτίσει ολοκληρωτικά, η φωτεινή ένδειξη LED θα γίνει μπλε.

ΠΡΟΣΟΧΗ:

Σε περίπτωση υπέρτασης, υπότασης ή κάποιας άλλης βλάβης, το πορτοκαλί LED θα αρχίσει να αναβοσβήνει γρήγορα.

Ο φορτιστής πρέπει να απενεργοποιηθεί αμέσως και να επανεκκινήσει.

Diese Ladestation kann zwei Controller gleichzeitig aufladen. Der offizielle *playstation 5 Controller kann in ungefähr 2 Stunden vollständig aufgeladen werden.

Schließen Sie die Ladestation mit dem USB-Kabel (im Lieferumfang enthalten) an die Konsole an. Das orangefarbene und das blaue Licht blinken zum Test jeweils eine Sekunde lang.

Stecken Sie den Controller in die Ladebuchse. Während des Ladevorgangs leuchtet die LED-Kontrollleuchte orange.

Wenn der Controller vollständig geladen ist, leuchtet die LED-Kontrollleuchte blau.

ACHTUNG:

Im Falle einer Über- oder Unterspannung beziehungsweise bei anderen Störungen fängt die orangefarbene LED schnell zu blinken an. Das Ladegerät muss sofort ausgeschaltet und neu gestartet werden.

Cette station de chargement peut charger deux contrôleurs en même temps.

Le contrôleur officiel de la *playstation 5 peut être entièrement chargé en 2 heures environ.

Branchez la station de chargement sur la console à l'aide du câble USB (inclus dans l'emballage). Les voyants orange et bleu clignotent respectivement pendant une seconde à titre de test.

Placez le contrôleur dans la prise de chargement. Pendant la charge, le voyant lumineux LED est orange. Une fois la charge terminée, le voyant lumineux LED devient bleu.

ATTENTION:

En cas de surtension, de basse tension ou de tout autre dysfonctionnement, le voyant orange se mettra à clignoter rapidement. Le chargeur doit être immédiatement éteint et redémarré.

Questa dock station di caricamento può caricare due controller contemporaneamente. Il controller ufficiale *playstation 5 può essere caricato completamente in circa 2 ore.

Collegare la dock station di caricamento alla console servendosi del cavo USB (fornito in dotazione nella confezione). Le spie di colore arancione e blu lampeggeranno rispettivamente per un secondo come test.

Mettere il controller nella presa di caricamento. In fase di caricamento, la spia luminosa LED sarà di colore arancione. Una volta completato il caricamento, la spia luminosa LED diventa di colore blu.

ATTENZIONE:

In caso di sovratensione, bassa tensione o qualsiasi altra anomalia di funzionamento, il LED arancione inizierà a lampeggiare rapidamente. Il caricatore deve essere spento immediatamente e successivamente riavviato.

Тази докинг станция за зареждане може да зарежда два контролера едновременно. Официалният контролер на *playstation 5 може да бъде напълно зареден за приблизително 2 часа.

Включете докинг станцията за зареждане към конзолата с помощта на USB кабела (включен в пакета). Оранжевата и синята светлина ще мигат съответно за секунда като тест.

Поставете контролера в гнездото за зареждане. Докато се зарежда, светлинният индикатор LED ще бъде оранжев. След като се зареди напълно, светлинният индикатор LED ще стане син.

ВНИМАНИЕ:

В случай на пренапрежение, ниско напрежение или друга дисфункция, оранжевият LED индикатор ще започне да мига бързо. Зарядното устройство трябва да се изключи незабавно и да се рестартира.

Această stație de andocare poate încărca două controlere în același timp. Controlerul oficial *playstation 5 poate fi încărcat complet în aproximativ 2 ore.

Conectați stația de andocare la consolă utilizând cablul USB (inclus în pachet). Luminile portocalii și albastre vor lumina intermitent pentru o secundă, ca test.

Conectați controlerul la priză. În timpul încărcării, indicatorul luminos cu LED va fi portocaliu. Odată încărcat complet, indicatorul cu LED se va schimba în albastru.

ATENȚIE:

În caz de supratensiune, tensiune scăzută sau orice altă defecțiune, LED-ul portocaliu va începe să lumineze intermitent rapid. Încărcătorul trebuie oprit imediat și repornit.
